LEXINGTON, LAFAYETTE COUNTY, MISSOURI, FRIDAY, JANUARY 29, 1915.

NUMBER 5

ENGAGEMENT ANNOUNCED

Betrothal of Miss Beryl Palmer Revealed at Party Saturday Night.

Miss Jessamine Maughs, 319 West Seventh street, gave a party Saturday night, at which the engagement of Miss Beryl Palmer of Fulton and James R. Moorehead of Lexington, was announced. The guests were apprised of the coming nuptial event at 9:30 o'clock when Miss Maughs led her guests to the dining room, where she "let the cat out of the bag." The cat bore a card on which the announcement was written.

The color scheme was carried out in red and white and the decorations were very pretty, including a number of Cupids. About thirty young people were present, most of them intimate friends of Miss Palmer, who was the guest of honor of the evening.

The bride-to-be is a daughter of Mr. and Mrs. W. P. Palmer of Fulton, and one of the city's most charming and accomplished young women. She is a graduate of William Woods College and a singer of more than ordinary ability, having been a soloist for several years at the First Presbyterian church.

Mr. Moorehead is a son of Mr. and Mrs. James R. Moorehead, Sr., of Kansas City, and is manager of his father's large lumber business at Lexington, Mo. Young Moorehead is a former Westminster College man and it was while attending college here that he formed the acquaintance of Miss Palmer. He is a grandson of the late I. W. Boulware.

The wedding will take place early in March.—Fulton Daily Sun.

Miss Dortha Tickell left Wednesday for her home in Los Angeles, California, after a visit here with friends.

George Aull of Fulton arrived yesterday for a visit here with his parents, Mr. and Mrs. William Aull, Sr.

Col. Sanford Sellers went to Kansas City Tuesday morning to spend the day.

Death of Miss Annie Manly.

Miss Annie Manly, daughter of Dr. and Mrs. Charles R. Manly, died in Chicago, Jan. 20, 1915, after an illness of one week. Dr. Manly was pastor of the Baptist church in this city for four years from 1899 to 1903. He and his family worked unceasingly for the interests of the church and community, every family who was in distress knew the loving kindness of the sympathy and help of Dr. Manly and daughters, Misses Mamie, Annie and Linda. Miss Annie taught in the Sunday school, organized the Junior Society and B. Y. P. U., played for all church services and freely gave of her talent of song for church services, also for joyous and sad occasions. During these four years there was never a social affair or entertainment in the church that Miss Annie did not use her talents and intellect for their success. Miss Annie was always a bright, joyous, happy Christian, shedding sunlight wherever she went. While she has left us her influence on this church and community will never die. During her residence here, she taught piano music, had a large class for whose interests her efforts were untiring, never will one of us forget her excellent instruction and patient, sweet thoughtfulness at all times nor will we forget the monthly recitals and music club every two weeks for our instruction. For several years, Miss Annie had lived in Chicago with her brother, Dr. John Manly, Professor of Literature in Chicago University. On Oct. 24, of last year, Dr. Charles Manly gave up his pastoral duties, and with his wife, went to make their home with Miss Annie and brother, 1312 East 53rd street, Chicago. Miss Annie leaves three brothers and four sisters to mourn her loss. Her remains were taken to Greenville, S. C., for burial beside her sister, Miss Mamie, who died six years ago this spring.

A PUPIL AND FRIEND.

Mr. Keithly reported 14° below zero yesterday morning. That's real nice winter temperature.

News From Jeff.

Under a bill introduced, if passed, it is a misdemeanor for a person to "cuss." A little cuss will cost \$5.00, and a big cuss \$10. Senator McClintic's bill changes the time for killing quail. It fixes the open season from Nov. 15 to Dec. 15.

A bill providing for a special election August 4, to decide whether there shall be a constitutional convention or not. It provides in case it carries the convention is to be held March 1, 1916.

If the bill introduced carries, school boards will hereafter buy school books for poor children.

The "drys" are on the alert, and a bill has been introduced preventing the holding up "dry" laws by the referendum, by adding to all their bills, setting forth that they are necessary for the "preservation of the public peace, health and safety."

A bill regulating live stock fees is up for passage. The schedule of rates is about ten cents a head under present charges and a cut of about 20 per cent on car load lots.

Representative Weatherby of Livingston County has introduced a lien law bill. The bill provides that persons selling building supplies to a contractor must serve the person for whom the house or building is being erected with notice that he has a lien on the property within ten days after the material is sold or no lien may be obtained against the property owner. The bill provides that this notice must be served by a proper legal officer.

A bill closing all theatres in Missouri on Sunday has been introduced. It also applies to moving pictures. If it passes Jefferson City will be hard hit; Sunday being the big day here for moving pictures.

Paul Ford, of Odessa, arrived Monday. He is clerk to Senator Crossley. Miss Frances, daughter of Thos. Wheatley, is Crossley's stenographer.

A bill placing probate judges on a salary has been introduced: A tax of 1 per cent on all property probated shall constitute the total fund for payment of all salaries and clerical work, and, if there is a residue, it shall go to the state good roads fund.

Senator Crossley's bill provides that women over 21 years old are eligible to be elected school directors.

The republicans are after the old Confederate soldier, Representative Wilder, republican, has offered a bill to repeal the law giving Confederate soldiers a pension of \$10 a month. At the last session \$30,000 was appropriated. This was paid out in about eight months and at this time there is a deficiency of unpaid pensions of \$157,000. The dependent Confederate soldier pension is all right, but the trouble is quite a large number of able-bodied Confederates, possibly through favoritism, have gotten on the pension roll, thus cutting out those old heroes for whom in reality the Confederate pension was intended.

Senator Craig has introduced a woman's suffrage amendment granting women the right to vote. If it passes the question will again be voted on at the November 1916 election.

A bill has been introduced requiring abstractors of titles to real estate to furnish bond.

A bill giving the warden of the penitentiary authority to select

Motor Show in Old Spanish Mission, Kansas City Motor Show February 8 to 14.

After three months of continuous preparation, E. E. Peake, Secretary of the Kansas City Motor Car Dealers' Association reports that everything is now in readiness for the big show, which is to be held in Convention Hall the week of February 8th.

The decorating scheme corresponds with the Old Spanish Mission Architecture of the Seventeenth Century, consisting of deep decorative arches on the Arena Floor and columns above for the front of the Balcony. In the lower half of the arches will be an old fashioned fence with green vines growing on it. The upper part will present a painting on special drawn canvas, so that the visitor can look over the fence through the arch way and in the distance will behold a beautiful scene, the copy of an old masterpiece.

The Balcony will be treated as never before. At the edge of the Balcony will be a solid panel, 4 1/2 feet in height, and on top of the paneling every twelve feet around the entire Balcony will be decorative columns, nine feet in height. On top of these columns will be a pergola railing which will form a natural trellis.

The color scheme will be cream and white. These colors being relieved by an abundant use of natural green growing smilax, ferns, and mistletoe, all sprinkled here and there with wisteria blossoms.

The lighting scheme will consist of numerous suspended decorative baskets, each basket containing many high powered unguen lights. All of the above to be supplemented with scores of electric streamers suspended from the cream colored ceiling and connecting the baskets.

There will be 116 exhibits in all—78 different makes of pleasure cars, including at least five "eight's" and all of the latest models of the lower priced "six's." There will be no end to the ebony finished and plush upholstered electric cars, for the admiration of the "Milady." in the north end of the Balcony. Elsewhere in the Balcony and on the Arena Floor will be housed the gasoline pleasure cars, showing limousines finer on the inside and with more conveniences than the latest Pullman car. Many of these cars will be shown only at three shows in the United States, New York, Chicago and Kansas City. Mr. Peake said recently, "Never before has our show been so universally recognized by the manufacturers as being the third largest show in the world." Trucks will be found in the Arcade and Lobby, among which you will find special dump bodies and fire fighting trucks, oil tanks heavily mounted and many other new and interesting features.

Also, in the Arcade everything in the way of accessories that can be imagined will be found in the eighty booths there, foot warmers, hand warmers, automatic jacks, electric horns, sectional garages, etc.

Special attraction in the way of a musical program will be announced later, but the management promises to have a quartet which has not only a national but also an international reputation. This quartet will be accompanied by a special orchestra, the personnel of which will be announced before the opening of the show.

"Every indication points to even a more wonderful atten-

FRANK HABERKORN DEAD

Lexington's City Marshal Succumbs to Paralysis.

Frank Haberkorn, City Marshal of Lexington, died yesterday morning at 4 o'clock at his home 207 N. 16th street, after an illness of several weeks of paralysis.

Mr. Haberkorn was born in Lexington April 13, 1862, and was nearly 53 years of age. He was married to Miss Carrie Ruppel of this city, December 30, 1892. To this union one daughter, Miss Mayme, was born, and with his wife survive.

Mr. Haberkorn was among the best known men in Lexington. In his official capacity he came in contact with people in all walks of life. He first served the city as policeman under the administration of the late John C. Young. He afterwards served in the same capacity under Mayor Winkler, and three years ago he was elected City Marshal and re-elected again last April. Mr. Haberkorn was fearless in the performance of his duties, and made the city a good officer.

Besides his wife and daughter he is survived by two brothers and two sisters, who are as follows: William, of St. Joseph, Mo.; Joseph, of Kansas City; Mrs. Mamie Burks and Mrs. John Vonderhite of St. Joseph, Mo.

Mr. Haberkorn was a member of the Lexington Aerie of Eagles, Woodmen of the World, Red Men, and the Turners.

No funeral arrangements have been announced.

dance than we enjoyed last year," said Mr. Peake, "which only goes farther to emphasize the importance of the motor car industry to the southwest."

Oscar and Orianda Westerman went to Wellington Wednesday to spend the day.

WAR MAY EFFECT STATE FERTILIZERS

University of Missouri Professor Thinks Potash Supply May Be Cut Off.

The present war may effect the farmers of Missouri by restricting the supply of fertilizer. This belief is held by E. A. Trowbridge, professor of animal husbandry at the University of Missouri.

"Potash, which is the principal food for corn crops, especially muck lands, is produced in Germany," said Mr. Trowbridge, "and of course we can expect no shipments from that country soon."

Mr. Trowbridge is superintending the control of fertilizer for the state, and has number of men working under him at Columbia who gather samples and make tests.

"We find," said Mr. Trowbridge "that a number of companies are selling fertilizer that is below the guarantee. In order to protect the farmer we are preparing a bulletin which we hope will aid him in his selection. Any farmer that is interested may write to the Agricultural Experiment Station, University of Missouri, Columbia, stating in detail to what use he has been putting the land in question, the results of the treatment he has used and to what use he wishes to put the land. He then will be advised as to treatment and exactly the chemical foods he should supply, while he may refer to a bulletin, which the station will furnish, in order to get his data on the correct fertilizer to use."

The bulletin referred to by Mr. Trowbridge contains a report of the chemical analysis of every fertilizer sold in the state.

Gustav Haerle went to Kansas City yesterday to spend the day on business.
